

Residential Real Estate

If you...

- Are considering buying or selling property in San Diego County
- Need a qualified property manager

The Marr Company has the real estate professionals with the experience and knowledge you need to help you achieve positive results.

Our Clients

- The Marr Company is family owned and operated with combined experience of 50 years.
- We have served and worked with three generations of clients. At least 98 percent of the transactions we handle are for previously satisfied clients, some of who have returned to us as many as eight times for personal residential transactions. "We welcome you to our circle of happy property owners."
- We believe in professional education and continually upgrade our real estate skills by completing courses in real estate law, taxation, exchanging, negotiating, property management and other specialties. Kathy is a Certified Residential Specialist, a certification held by less than 2% of all real estate professionals.

Our Partnership with You

- Before we begin working together, we meet with you to thoroughly understand your needs, your likes, your dislikes, and to define your goals--a procedure unique in the real estate profession.
- Should we decide to proceed together, we work in partnership with you. We recommend solutions, but the decisions are yours. We are at your service as counselors and advisors and to do the work you need to have done. Our years of experience, wide knowledge and training help us accomplish it for you.

Our Obligation to You

- You have the right to hear the truth about your transaction instead of sales talk.
- You receive professional real estate service, not "I forgot" or "Oh! I didn't know."
- You deserve the same one-on-one, competent service that you expect from your doctor, attorney or CPA.
